FRESHNESS AND QUALITY

Commitment to freshness

We take the greatest care in selecting our suppliers, and we carefully control the quality of our ingredients to ensure that every dish we prepare is always perfect in terms of freshness, taste and flavour, thanks to fresh deliveries daily to each Buffet des Continents restaurant.

Commitment to quality

Our commitment to preparing great food and offering the highest quality service extends well beyond government regulations, and our quality control procedures are among the strictest in the restaurant industry.

In addition to the regular inspections conducted by government inspectors, we have our kitchens and dining areas independently inspected by two (not one) expert firms, to ensure that they meet the highest industry standards.

If, despite our best efforts, you notice anything that needs improvement, or if you would simply like to receive more information, do not hesitate to contact us. We value your feedback as it helps us continuously improve our restaurants.
